

Policy Document – Asset Damage and Recovery

Policy Name: Asset Damage and Recovery Policy

Version: 1.0

Effective Date: March 1, 2025

Approved By: Mr. Shihab Kalander

Applicable To: All Employees of Novigo Solutions Pvt Ltd

1. Purpose

The purpose of this policy is to define the accountability of employees regarding company assets, outline procedures in case of asset damage, and establish the process for recovery of costs associated with the repair or replacement of damaged assets. This ensures responsible usage, asset lifecycle management, and cost control across Novigo Solutions Pvt Ltd.

2. Scope

This policy applies to all employees of Novigo Solutions Pvt Ltd who are assigned or use company-owned assets such as laptops, desktops, mobile phones, access cards, or any other IT or office equipment.

3. Responsibilities

- Employees are responsible for the proper usage, upkeep, and security of all assets assigned to them.
- Assets must be used strictly for official purposes and in accordance with the company's IT and security policies.
- Employees must report any asset loss or damage immediately to their reporting manager and the IT or Admin team.

4. Categories of Damage

4.1 Accidental Damage

- If damage occurs accidentally and is reported immediately, the company may assess the situation and absorb the cost partially or fully, based on severity and past instances.
- A first-time accidental incident may be exempt from recovery at management discretion.

4.2 Negligent or Repeated Damage

- Damage resulting from negligence, misuse, unauthorized usage, or repeated incidents will result in full or partial cost recovery from the employee.
- Recovery may include repair costs, replacement costs, or depreciation-adjusted value as determined by the Admin/IT team.

4.3 Theft or Loss Due to Employee Negligence

- If an asset is lost or stolen due to employee negligence (e.g., leaving a device unattended in a public area or during travel), the employee may be held responsible for the replacement cost, either partially or fully, depending on the circumstances.
- The incident must be reported to the IT team immediately, along with a written explanation of the event. The IT team, in consultation with HR and the reporting manager, will assess the situation and decide on the next steps, including potential cost recovery from the employee.

5. Recovery Process

- The Admin/IT team will assess the extent of the damage and estimate the repair or replacement cost.
- HR will inform the employee about the recovery amount and seek acknowledgement.
- The amount will be recovered in one or more salary deductions based on the value and the employee's grade, subject to approval.
- In case of separation, any pending recovery will be adjusted during full and final settlement.

6. Exceptions & Appeals

- Employees may appeal against a recovery decision by submitting a written justification to HR within 5 working days.
- The HR Head and Senior Management will jointly review appeals and take a final decision.
- The company reserves the right to waive off recovery in rare and exceptional cases based on merit.

7. Compliance

- All employees are expected to adhere to this policy.
- Willful damage, misuse, or concealment of asset damage may lead to disciplinary action, including termination.
- This policy will be reviewed periodically and may be updated as per operational needs.
